

ECCENTRIC VIBRATORS

High-frequency, Better vibration performance

- ◆ Higher vibration speed around 10000~12000 Rpm;
- ◆ With larger excitation force, produce better vibration effect;
- ◆ High-temperature & Oil resistant flexible shaft and rubber hose used to ensure reliable use life;
- ◆ Poker head & Hose assembly designed could be compatible with other brands;
- ◆ Powered by Honda engine or motor(2.3kw or 3.0kw) with CE certificate

No.	Model No	Poker head dia* length (mm)	Flexible shaft dia (mm)	Rubber hose dia (mm)	Rubber hose length (m)
1	MZPN26	26*391	8	21	1m~9m could be customized
2	MZPN35	35*410	9.15	27	
3	MZPN45	45*387	9.15	27	
4	MZPN45-2	45*421	9.15	27	
5	MZPN55	57*410	9.15	27	
6	MZPN65	65*385	9.15	27	

GX35 powered Backpack vibrators

- ◆ Eccentric type poker head and vibrators, with higher vibration performance (around 10000~ 12000 Rpm);
- ◆ Powered by the Honda GX35 (4-stroke) original engine;
- ◆ With backpack frame, easy to take and lower labor fatigue;
- ◆ Lightweight and higher-mobility allow whole day use;
- ◆ Nice helper to DIY construction.

MODEL	MBP26/35/45	
Drive unit	Honda GX35/Other optional economic engine	
Fuel type	Petrol	
Vibrator head diameter&Length	mm	26*391
		35*410
		45*385
Hose Length	mm	2/3
Hose outer diameter	mm	21/27/27
Flex shaft core diameter	mm	8/9.15/9.15
Frequency vpm	vpm	10,000
Optional polyurethane tipped	Yes
